Philosophy:

Little Acorn's philosophy is based on respect for children, their cultural background, developmental level, natural curiosity and eagerness to learn. Our goal is to provide a secure and safe environment encouraging children to learn, gain self-confidence and make new friends. Children will have the opportunity to take part in activities that will stimulate and encourage intellectual, emotional, social and physical development. We wish to be friends to the children, parents, and the community.

Our Goals:

- To provide a setting conducive to the development of wholesome social relationships.
- To provide appropriate play experiences that contribute to the developmental needs of the child.
- To provide opportunities for meaningful play that is based on the child's individual needs, interests, handicaps and abilities, and that will ultimately build a strong foundation for future reading skills and other academic pursuits.

Goals for the Parent's and the Community:

- To provide opportunities to meet with and work with other parents and teachers who have as their common concern the interests and needs of the children.
- To contribute to the wholesome growth and development of the future citizens of the community.
- To provide a setting where people of various religious and ethnic backgrounds can work together for a common interest.
